ABOUT COMPANY

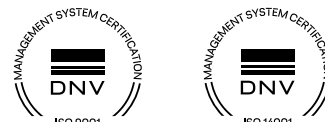

A company based on Estonian capital and focused on the production and development of plastic pumping stations. We offer a complete solution - pumping station, pumps and control cabinet. In addition to pumping

We are the member of The Estonian Water Works Association (EVEL).

stations, our product range includes pipes, wells, tanks, septic tanks and industrial piping. Operating since 2007, during this time we have consolidated our position as a stable and reliable partner in the field of water and

sewerage. Company's production, development and sales are certified in accordance with the quality management system standard ISO 9001: 2015 and the environmental management system standard ISO 14001: 2015.

For design we use licensed software: We use SolidWorks 3D CAD software to create production drawings.

For strength calculations we use SolidWorks Simulation and Ingssoft Easypipe software.

To prepare the control cabinet schemes and layouts we use AutoCAD Electrical software.

WHAT DO WE OFFER TO OUR CUSTOMERS?

FOR WATER UTILITY COMPANIES

We produce pumping stations that meet the needs of water utility companies based on their long-term experience and requirements. We understand that the pumping station is an important node in the pipeline and must have a long service life.

FOR SALES AND CONSTRUCTION COMPANIES

We provide the security that the products will correspond to the requirements of the customers, are durable when installed and exploited, and that we keep our delivery promises.

FOR DESIGNERS AND SUPERVISORS

We provide professional training and technical support in project design to be a valuable partner for our customers.

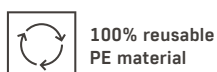

FOR INDUSTRIAL COMPANIES

We provide technical support to select suitable plastic materials and solutions for your projects. We have an extensive range of pipes, fittings, closure devices and special purpose tanks from PE, PP, PVDF plastics.

TRADEMARK STRONG

Trademark STRONG represents long-lasting products that meet all the valid requirements. The trademark is used in all product descriptions and is

already well-known for many of our customers. Trademark STRONG is registered in all EU Member States.
