ABOUT COMPANY

We are an Estonia-based company focused on the production and development of plastic pumping stations. We offer a complete solution - pumping station, pumps and control cabinet. In addition to pumping stations, our

We are the member of The Estonian Water Works Association (EVEL).

For design we use licensed software: We use SolidWorks 3D CAD software to create production drawings.

product range includes pipes, wells, tanks, septic tanks and industrial piping. Operating since 2007, during this time we have consolidated our position as a stable and reliable partner in the field of water and sewerage.

For strength calculations we use SolidWorks Simulation and Ingssoft Easypipe software.

Company's production, development and sales are certified in accordance with the quality management system standard ISO 9001: 2015 and the environmental management system standard ISO 14001: 2015.

To prepare the control cabinet schemes and layouts we use AutoCAD Electrical software.

WHAT DO WE OFFER TO OUR CUSTOMERS?

FOR WATER UTILITY COMPANIES

We produce pumping stations that meet the needs of water utility companies based on their long-term experience and requirements. We understand that the pumping station is an important node in the pipeline and must have a long service life.

FOR SALES AND CONSTRUCTION COMPANIES

We provide the security that the products will correspond to the requirements of the customers, are durable when installed and exploited, and that we keep our delivery promises.

FOR DESIGNERS AND SUPERVISORS

We provide professional training and technical support in project design to be a valuable partner for our customers.

FOR INDUSTRIAL COMPANIES

We provide technical support to select suitable plastic materials and solutions for your projects. We have an extensive range of pipes, fittings, closure devices and special purpose tanks from PE, PP, PVDF plastics.

REGISTERED DESIGNS

The innovative products developed by the company are registered in the design register of the European Union Intellectual Property Office (EUIPO).

100% reusable PE material

Resistant to Nordic climate

Safe to maintain

Resistant to mechanical damage

The PE material's guaranteed lifetime is 50 years
